

**PRODUCT SPECIFICATION****BLUEBERRY flavour****LEGAL DESIGNATION**

UE Statut (Regulation EC n°1334/2008) : Natural flavour

**ORGANOLEPTIC PROPERTIES**

Aromatic profile : Typical of blueberry  
Appearance : Liquid  
Colour : Colorless

**APPLICATION**

Indicative dosage : 0.1 - 1.0% max.  
Energy value (for 100g of flavour) : /

**COMPOSITION**

Flavouring agents : natural flavouring substances, flavouring preparations  
Carriers : glycerol, propylen glycol (30%), water  
Additives : /  
Limited flavouring substances : Pulegone: 2 mg/kg

**PHYSICAL AND CHEMICAL DATA**

Relative density (d<sub>20/20</sub>) : [1.16 ; 1.20]  
Water solubility : Yes  
Oil solubility : No  
Alcohol : 0.8% vol. +/- 0.1%  
Flash point (closed cup) : > 60°C

**REGULATORY DATA**

Ionization : The flavour's raw materials didn't have been subjected to any ionizing treatment.  
GMO : According regulations EC n°1829 & 1830/2009, this product cause no label information on GMOs in the final product.  
Food Allergens (Regulation EC n°1169/2011) : Absence

**CONDITIONING - STORAGE**

Best before date : 14 months  
Storage : In the original tightly closed container and away from light at room temperature (around 18°C)

Product for food. Do not ingest as such.
